## Total Donations to the Texas Tribune

Individuals who share The Texas Tribune's belief that promoting greater civic engagement and informed discourse is a direct route to a better and more productive Texas support this organization with tax-deductible donations. A donation of any amount makes you a Texas Tribune member for one year. Tribune members play no role in guiding the journalism produced by the Tribune or the planning and execution of events.

The Tribune is committed to full transparency into our funding. This document lists the total donation amounts from individuals and foundations from our founding in 2009 through last year. If you have a question about an amount, please email [membership@texastribune.org](mailto:membership@texastribune.org).
